RECOMMEND PRESERVATION OF OLD DORM

The seminary board is scheduled to act this afternoon on a recommendation of its executive committee for favorable action on the proposal of a local committee to preserve the Old Dorm on the Lutheran Theological Seminary campus. The executive group approved the proposal unanimously Monday afternoon and decision by the whole board is on the agenda for this afternoon's session.

The local committee, Dr. Fred Tilberg, Dr. W. E. Tilberg, William G. Weaver and D. Walker Woods, proposes to provide funds for the repair and maintenance of the building and to have part of the building made available to the Adams County Historical Society under a lease agreement with the seminary board.

Before it recessed at noon today, the seminary board considered the problem of expansion to meet the needs of the Lutheran Church, expected to mean a doubled enrollment at the seminary in the next 10 years.

Merger Question

The board here also decided to accept an invitation of the board of the Mt. Airy Seminary, Philadelphia, to appoint a committee to explore, with a similar committee from Mt. Airy, the possibility of merging and relocating the two institutions. The Mt. Airy action was taken last May after the Gettysburg board had met and the proposal has been pending for nearly a year.

Personnel of the Gettysburg committee has not yet been named. The Mt. Airy committee has seven members, four from its board and three from its faculty. The report today by the Rev. Chester S. Simonton, York, board president, noted that this year the seminary has a record enrollment of 161 students. A study committee of the board forecast the needs of the church as doubling in the coming decade. A planning committee had previously recommended the immediate addition.

OUTLINE PLANS FOR DAY CAMP OF GIRL SCOUTS

Preliminary plans for the annual Day Camp to be held June 8 to 12 at Camp Happy Valley for the Girl Scouts of the Gettysburg and Fairfield areas were outlined Monday evening at a meeting in the Adams County Girl Scout office in the First National Bank Building.

The Gettysburg bus will leave from St. James Lutheran Church each morning at 8:15 o'clock and return there at 3:30 in the afternoon. Stops will be made at Windbriar Lane and at the Allen Weikert farm on the Fairfield Rd. The Fairfield bus will leave the Fairfield Community Hall each morning at 8:30 o'clock and return there at 3:15 o'clock in the afternoon.

Work On Badges

Intermediate Scouts will work on the Rocks and Minerals badge, and a field trip to be made to a nearby quarry. The Flyers will study the Rambler badge. Those who have already secured the Rocks and Minerals or Rambler badges will be given an opportunity to study for another badge.

Applications to attend the camp are being distributed to the leaders of the Girl Scout units and must be returned to the Scout office by May 25 accompanied by the \$4 fee which includes transportation, milk each day, insurance, crafts and one cook-out. The flyers and inter-

PASTORS NAME SAME OFFICERS FOR 2ND YEAR

Officers were re-elected by the Adams County Ministerium at its May meeting Monday at Trinity United Church of Christ here, at which plans were announced for work among migrant employees this summer and the pastors urged voters to turn out for the May primaries.

The Rev. Dr. Paul L. Reaser, pastor of St. James Lutheran Church here, who presided at Monday's business session, was elected president for another year and these other officers were re-elected for one-year terms: the Rev. Norman Marden, Bendersville Methodist, vice president; the Rev. Robert A. MacAskill, Gettysburg Presbyterian pastor, secretary, and the Rev. John Z. Martin, New Oxford United Church of Christ, treasurer.

The Rev. Lester J. Karschner, Abbottstown Lutheran pastor, told the ministerium the religious work among migrant farm workers will be carried on again this year in cooperation with the Pennsylvania State Council of Churches.

Dr. Wentz Speaks

It was announced that the Adams County Council of Churches has budgeted \$1,000 for the work. It was suggested that vacation Bible schools in the county be urged to take special offerings for the benefit of the migrant work.

NURSES' AIDES HOLD BANQUET

Mrs. Selmar Hess was elected as the new captain of the Red Cross Nurses' Aid Corps at the annual banquet Monday evening at the Altland House in Abbottstown. Twenty-two members and two guests attended.

Mrs. Hess and these other newly-elected officers were installed by Mrs. Ira Henderson, a former captain. Secretary, Mrs. Henry Krick, and treasurer, Mrs. Kathryn Moser.

Guests were Mrs. Peggy P. Hill, executive secretary of the Red Cross, and Mrs. Henry M. Scharf, who for nearly 20 years was chairman of the nurses' aids for the Red Cross. Both spoke briefly as did Mrs. Louis Wahl, current Nurses' Aid chairman for the Red Cross board, who told of the need for help by the aids at the Warner Hospital.

It was announced that the aids will staff first aid headquarters for the VFW carnival this month, the Fourth of July celebration by the firemen and the South Mountain Fair.

Mrs. Marie Gillan and Mrs. Francis C. Mason were the committee in charge of arrangements. Spring flowers decorated the tables.

The corps will meet next in September.

Cancel Concert By Two County Bands

Cancellation of the joint band concert by the Biglerville and New Oxford High School bands scheduled for Saturday evening at the South Mountain Fairgrounds was announced today by Harold Sanders, director of the Biglerville band.

Donald Kemp, director of the New Oxford Band, was called suddenly to Berwick by the accidental death of his mother and he is not expected to return to New Oxford this week. Money paid for tickets will be refunded, Mr. Sanders said.

Mr. Kemp's mother was reported fatally injured in an auto accident but no details were known at New Oxford.

COUNCIL WILL LAY OUT TWO NEW STREETS

The Gettysburg Borough Council at its meeting Monday evening in the engine house voted to lay out two new streets, resurface others and send out the annual notices to those whose sidewalks or curbs need repairing.

New road construction planned includes Fairview Ave. from Culp St. to King St. and King St. from Highland Ave. to Fairview Ave. Planned also is the construction of E. Broadway from Harrisburg St. to Fourth St. from curb to curb and Mummaburg St. from curb to curb.

Scheduled for resurfacing are: All of Barlow St., West St. between W. Middle and W. High Sts., S. Washington St. from South St. to Steinwehr Ave., the alley between Breckenridge St. and South St., east of S. Washington St., Johns Ave. between Queen and Culp Sts., the alley east of S. Washington St. between the laundry alley and the hospital alley, King St. between Highland Ave. and Steinwehr Ave.

Other Repair Work

Plans were made to remove the existing water drain on S. Washington St. between Breckenridge and South Sts., to renovate a portion of the wall along the Tiber at the alley in the rear of Swope's Atlantic Station, remove a tree on the northeast side of the intersection of W. High and S. Washington Sts. and to direct the relaying of the curb and sidewalk at property said to be owned by Ira Williams.

Notices to repair curbs will be sent, council voted, to John Mummert, 137 Baltimore St.; Cloyd Shetter, 116 Chambersburg St.; Gomer Sharpe property at N. Stratton St. and E. Lincoln Ave.; Chester Topper, E. Lincoln Ave.; Harvey Krouse, 107 E. Lincoln Ave.; Dr. Russell Rosenberger, 109 E. Lincoln Ave.; H. W. Baker, 35 E. Lincoln Ave., and Clarence Swinn, 31 E. Find Body Of Kidnaped Negro Prisoner In River

BOGALUSA, La. (AP) — Discovery of the water-bleached body of Mack Charles Parker, of Poplarville, Miss., lynch victim, spurred the FBI to fresh efforts today to find his kidnappers.

But, the Negro's body offered few clues to bolster the search after an FBI agent and a Mississippi highway patrolman dragged it from the receding waters of the Pearl River near Bogalusa Monday.

It did pin down the fate of the 23-year-old Lumberton truck driver who had been charged with the rape of a pregnant white woman. Since his abduction April 25, his violent death had been supposition and speculation.

Body Is Identified

The FBI in Washington confirmed identity of the body, J. Edgar Hoover, FBI director, had ordered a special hunt for Parker and his lynchings.

The FBI agent and his companion spotted the head, one arm and a shoulder above the water

Judge Sheely Tells Club U.S. Is Government Of Laws Not Men

The American system of freedom under law was contrasted suddenly to the Communist system of rule by force and terror in an address by Judge W. C. Sheely Monday evening at the weekly dinner meeting of the Gettysburg Lions. He spoke in observance of "Law Day, U.S.A."

Quoting the Declaration of Independence as setting forth in a few words the American philosophy of law, based on the natural law of God, Judge Sheely said: "There you have our basic belief that God created man just as He created the world; that in creating man, God created him in His own image and for His own purpose; that in creating man God endowed him with certain natural rights of which no man should be deprived; that God recognized the dignity and worth of the individual and that in the sight of God, all men are equal."

"There you have our basic belief on the place of government in the scheme of things—that governments are instituted primarily to preserve these natural rights of man."

Totalitarian Rule
"How foreign this concept is to the totalitarian concept where government takes the place of God as the giver of all things. Man exists only for the good of the state and has no natural rights, only those which the state gives him. There is no such thing as the dignity of the individual and there is no equality among men..."

"I wish our people could realize that we are a government of laws and not a government of men. I wish our people would realize that even the President of the U. S. in shaping policy is bound by law, that members of the legislature in enacting legislation are

\$200 SEWER CONNECTION FEE RANKLES

About 40 New Oxford residents turned out for the meetings of the borough council and municipal authority in the New Oxford fire hall Monday night and many registered some protest about the \$200 per dwelling sewer connection fee which it is proposed to assess on property owners when the new sewer system is completed in the borough.

That there should be no escaping the sewer charges were emphasized by bond counsel who told the borough council that it should enact the necessary ordinances to insure that all residents connect to the sewer system when it is available, and that with a minimum of delay.

Although no final action was taken, it was proposed by the engineer for the system that the \$200 charge, previously recommended, be applied to each individual dwelling, house trailer or half of a double dwelling.

Rated By Units
Using the \$200 as a "unit," unit rates would be applied to other connections on the following schedule, if borough officials adopt the proposal:

Retail outlets other than restaurants, 1 1/4; offices, barber shops, government offices, fire companies, 1 1/4; buildings with two apartments, 1 1/2; buildings with more than two apartments, 1 3/4 plus 1/4 unit for each apartment over two; restaurants, hotels and clubs, 1 3/4; service stations and garages, 1 3/4; schools, (Continued On Page 3)

Two Are Injured In Auto Accident

Two men were injured when their car ran into a utility pole near the Gettysburg Country Club this morning at 8:45 o'clock. State police said the driver, Donald E. Blaton, 20, Mt. Vernon, Ohio, fell asleep while driving east on the Lincoln highway and his car crossed the highway to the north side, then swerved back to the south side, went off the highway and hit the pole causing \$300 damage to the auto. Blaton suffered a laceration of the lip and abrasions of the face. A passenger in the car, Harry Hinger, 22, Mt. Vernon, Ohio, had a laceration of the forehead.

Blaton was taken before Justice of the Peace John O. Whitman, Cumberland Twp., where he was fined \$25 and \$5 costs on a reckless driving charge. Unable to pay the fine he was sent to the county jail for 10 days.

Gettysburg School Board Boosts Budget By \$80,000 And Increases Tax Levies

The Gettysburg Borough School Board at its May meeting Monday evening gave preliminary approval to a \$425,055 budget, an increase of approximately \$80,000 over last year's total, and took the following steps to secure local tax funds to balance that budget:

Increased the real estate levy from 36 to 42 mills.

Increased the head tax levies from a total of \$10 to \$12.50.

Voted to levy a one per cent realty transfer tax similar to that collected in many other school districts in the county.

The need for the extra tax funds came about chiefly through an increase of nearly \$30,000 in the bill from the joint school district and an estimated \$46,766 the borough school district is expected to have to pay to place the high and grade school buildings in compliance with the Department of Labor and Industry regulations on fire hazards.

There is also an increase of more than \$2,000 in the amount set aside to expand the recreation program in the community. Last year the school district budgeted \$8,500. The new budget provides \$11,000 for that purpose.

Expected Increases

Directors estimated the real estate tax increase will bring in about \$28,000 to \$29,000. They expect the \$2.50 increase in the head tax levies will bring an additional \$10,500 from the 4,200 taxables in the town.

The real estate transfer tax is expected to bring in \$16,000 on the basis of figures the directors secured at the court house.

It was the first school tax change for Gettysburg in two years. A year ago the 1957 rate was extended for another year with directors then forecasting an increase this year. There was talk Monday evening of the prospect of new tax raises next year.

The decision to raise taxes Monday evening left undisturbed \$20,000 the borough school district has drawing interest on a certificate of deposit. The budget was balanced by means of the new taxes without using that money.

The budget for the 1959-1960 school year which begins July 1, as tentatively approved Monday evening lists the following expected expenses: General control, \$6,915 with \$300 for the tax collector as the chief item there; auxiliary agencies and coordinate activities, \$11,300 with the \$11,000 for the recreation program as the chief item there; maintenance of plant, \$200; payment to the joint school year, \$276,290; rental payments to local school authority on new school buildings, \$82,984, and capital outlay, \$46,766, a new item in the budget to cover the district's share of summer work on local school buildings to make them conform with state regulations. Other districts in the jointure will pay their share of the total bill for the summer work expected to total upwards of \$80,000.

LEWIS SHEELY TRIAL BEGINS; ONE CASE ENDS

Trial of the five involuntary manslaughter charges against Lewis D. Sheely, Fairfield R. 1, resulting from an auto accident seven miles south of here on the Emmitsburg Rd. in which five persons were fatally injured, began this afternoon.

The jury includes: Joseph F. Balek, East Berlin; John A. Corodri, 405 York St.; Lloyd Crook, East Berlin R. 2; Samuel Dayhoff, Gettysburg R. 5; Norman B. Harman, 220 M St., Littlestown; Harry Hoover, New Oxford R. 1; Charles E. Kuhn, 286 Ridge Ave.; John H. Myers, New Oxford R. 1; Miss Ethel M. Sanders, 47 Chambersburg St.; Stanley Staub, W. King St., Littlestown; David Welk, Hanover R. 4, and Martin L. Yohe, Abbottstown R. 1.

Goulden Case Ends

Testimony began after the court had charged the jury in the trial of Mary Goulden, Gettysburg R. 2, on a charge of pointing a firearm.

In the Goulden case Ramon G. Perez, S. Washington St., alleges that Mrs. Goulden pointed a pistol at him last February when he resided in a trailer on her property. The last of the testimony was received this morning and the attorneys presented their arguments just before noon.

Mrs. Goulden said Mr. and Mrs. Perez offered to drop the case for \$1,000 and the prosecution claimed Pasqual Lopez was offered a sum to leave town instead of testifying. Both sides denied such accusations. Mrs. Goulden also denied pointing a gun claiming the only thing she ever had on the premises was a toy cap pistol.

The tax collector's bond of H. B. Millar, of New Oxford, for \$32,100 was approved as was the similar bond of Butler Twp. Tax Collector Dewey Wolf for \$34,100.

UPPER ADAMS SCHOOL TAX IS INCREASED

The Upper Adams Joint School Board Monday night adopted a budget of \$557,510 for the coming school year and each of the six-member board set real estate rates of 42 mills and per capita taxes of \$10. The tax action was taken by the boards individually as the merger of the school districts will not be in effect until July 6.

The board also accepted the resignation of Mrs. Verna A. Starnes, Gardner R. 2, third grade teacher in the Bendersville Elementary School.

The new budget represents an increase of nearly \$47,000 over the 1958-59 budget of \$510,700. The tax changes, however, represent decreases for some taxpayers, no change for some and increases for others.

Some Will Benefit

Residents of Arendtsville, Bendersville and Biglerville will benefit from a decrease from \$15 to \$10 in the per capita tax rate. However, in Arendtsville and Biglerville the mill rate is higher than the 35 and 36 mill rates, respectively, that applied last year.

For the family of two adults the tax in these two boroughs is very little affected if it has real estate assessed at about \$1,300.

Last year Butler Twp. had a per capita rate of \$10 and a mill rate of 45, so that property owners there will get a three-mill decrease in rate while residents are unaffected.

In Menallen Twp. the mill rate is upped from 38 mills but the per capita rate drops from \$12 to \$10.

In Tyrone Twp. the new rates represent no change from the past year.

borough ordinance forbids adding to or altering frame houses in the fire zone." The matter was turned over to the safety committee.

A letter was read from James E. Langdon, of the American Biochemical Corporation, Westminster, Md., announcing that his company plans to construct a Cities Service gas station at the corner of W. High and West St. opposite the A. and P. store. The borough is asked to amend its ordinance to increase the size of gasoline tanks from 4,000 to 10,000 gallons or more. He said the danger period in connection with underground gas tanks is during the loading of the tanks and that installation of 10,000-gallon tanks would decrease the total time for loading by half.

Asks Pole Service

Theodore Hay, Taneytown Rd., asked council if it is legal to set up and rent trailers in the borough without sanitary connections alleging that such a condition exists "next door to me" along Taneytown Rd. He was informed the burgess is investigating the matter but it was suggested he secure his own attorney.

William Lentz, manager of the Metropolitan Edison Co., presented plans to place poles on which guy wires will be required along West St. and Long Lane to Queen and on Queen to Johns St. He showed the heavy cable to be used and said that it will put a three-ton pull on the poles and that guy wires will be required at certain spots. He also asked that council set up a committee to handle applications for placing guy wires to expedite the approval rather than wait for monthly council meetings.

Award Tar Contract

Similar requests were made by the United Telephone Co. It was revealed that a number of cables of the telephone company will be placed underground in connection with the changeover to dial. Earl E. Coulson, Harrisburg, and Iver E. Clark, Carlisle, represented the phone company.

The contract for tar was awarded to the Service Supply Co., York, at 24 cents a gallon, the same price as last year. The company bid 22 cents for emulsion and Roadrite, Inc. of York, bid 20.23 cents for emulsion but council held it had tried the emulsion on borough streets and did not find it as satisfactory as tar. No bids for emulsion had been asked.

Bids for stone were rejected and will be readjusted and opened again next month. The bids submitted Monday evening failed to cover all of the types of stone the borough wishes for its street work.

Fifty dollars for the Recreation Association petty cash account was approved.

Council voted to place 25-mile-per-hour speed limit signs on Queen and Gettys Sts.

A letter from the Planning Commission was read stating the "present borough facilities are inadequate and improperly housed. The Planning Commission recommends the construction of a borough building and respectfully requests permission of borough council to hire the services of an architect to make preliminary studies for such a new building." No action was taken by council.

AUTO DRIFTS INTO DAMAGE

When a woman attempted to stop a drifting car her foot hit the accelerator and more than \$225 in damages resulted in the course of a minute.

Robert E. Eyler, of Hagerstown, was driving his 1956 Pontiac sedan east on York St. and at Stratton St. he stopped for a red light. Because the weather was "warm," he told borough police, he stepped out of the car to remove his coat. The car then started to drift and he called to his mother, who was sitting in the front seat with another woman, to step on the brake. She reached over but hit the accelerator instead.

The car leaped forward, swung to the right, mounted a curb, knocked over a parking meter and then struck the rear of a National Cash Register Co. panel truck.

Damage to the Pontiac is estimated to be \$75, the truck \$150 and the meter damage to be determined later.

A cash register in the truck was also damaged.

Mother-Daughter Dinner Wednesday

A Mother-Daughter banquet will be held Wednesday evening at 6:30 o'clock in Fellowship hall at the Presbyterian Church to take the place of the May meeting of the Women's Christian Fellowship of the church. The program will be in charge of the Junior and Senior High Westminster Fellowship groups at 7:45 p.m.

The Junior Fellowship will dramatize a scene from Camp Michaux life. Ann Jordan will present two piano solos.

The Senior High girls will present "Living Portraits" of Biblical mothers and mothers of distinguished Americans. Narrators will include Julia Newman, Carolyn Ketterman, Leila Tharp, Jean Wells, Ann McIlhenney and Mary Hewetson. During the portrayal of Biblical mothers, Mrs. Scott Moorhead, Mrs. Clarence Bartholomew and Mrs. Donald Cordell will furnish music appropriate to the pictures.

Mrs. C. Harold Johnson will preside and Mrs. W. E. Jordan will be in charge of the banquet.

County Girl Hurt In Two-Car Crash

Nancy Thomas, 18, R. 3, was treated at the York Hospital Monday for chin and lip lacerations sustained in a two-car crash in York that caused \$250 damage.

York police said the girl was a passenger in a car driven by Marlene K. Conleton, 18, R. 4. Police said the driver of the other car, Charlotte R. Oberdick, 30, York, was arrested on a charge of reckless driving.

Gettysburg

(Continued From Page 1)

On the receipt side, the board expects to end the current school year with a balance of \$16,000 not counting the \$20,000 on interest. The 42-mill real estate levy is expected to bring in \$208,380; a \$5 per capita tax, \$21,000; a \$7.50 residence tax, \$31,500; delinquent tax, \$300; state appropriation, \$128,990, an increase of about \$9,000 over the current year; realty transfer tax, \$16,000; interest, \$250, and federal aid, \$3,000.

Valuation Increases

The assessed valuation upon which the real estate levy is based has risen to \$4,961,534, an increase of only about \$37,000 over last year's figure.

The real estate transfer tax is to go into effect as soon as the required legal formalities can be complied with. Directors expect it will be in force on or about July 1.

All of the board decisions on the tax rates were by unanimous vote of the five male members. President Ray J. Kitzmiller presided. Mrs. M. Hardy Nichols was absent and Mrs. J. B. Collins, who had been present for the early part of the meeting, left for another appointment before work on the budget began. Besides Superintendent H. Edgar Riegle, those present at the meeting included Robert H. Deardorff, secretary; Dr. R. D. Wickerham, attorney; Edward B. Bulleit and Douglas W. Smith.

Final action on the budget will be taken at the June meeting or at a special meeting if that becomes necessary. Legal counsel will be consulted on technicalities about advertising and action on the tax measures.

Change Banks

The directors earlier in the evening re-elected Brown, Swope and MacPhail as legal counsel for the school district.

In line with a long-established rotation system, the First National Bank was elected treasurer to succeed the Gettysburg National.

Reporting vandalism to the old lodge building south of the high school last Friday night, Superintendent Riegle said all of the windows on the south side of the building have been smashed, window and door frames damaged, stairway railings smashed, and other damage done which might total \$1,000. The matter has been reported to borough police for investigation.

The directors decided to board up the building, which has been empty for several months, for possible later use by the joint school district for storage purposes.

Enrollment "Show"

Mr. Riegle reported enrollments are continuing to come in for the summer driving course while enrollments for the proposed summer school session are "slow."

The monthly treasurer's report from the Gettysburg National Bank showed a balance of \$91,867 after expenditures of \$34,436 in the last month. The largest expense item was a \$30,000 payment to the joint school district.

The meeting adjourned at 10 p.m.

tion of two professors and an assistant trained in library science. The budget adopted for 1960 provided these additions and a special committee was authorized to make nominations at a meeting of the board to be held in the fall.

Need More Time

Authorization has been given for the addition of more dormitory and classroom facilities to meet the needs of a growing enrollment. However, the property committee, which is working on these needs, requested an extension of time for its study of architect's plans for the Elsie Singmaster Lewars property which was acquired recently.

Officers of the board were re-elected. They are: President, the Rev. Mrs. Simonton; vice president, the Rev. Paul Clouser, Middletown; secretary, the Rev. Raymond Miller, Clear Spring, Md. and treasurer, the Gettysburg National Bank.

MARTHA RAYE HERE

Martha Raye, famed comedienne, was among the visitors in Gettysburg Sunday. Enroute to New York City with her husband, she toured the Battlefield and spent several hours at the Cliff Arquette museum, visiting with Mr. Arquette.

REMAINS ARE SHIPPED

The remains of Earl F. E. Breckenridge, 46, S. Washington St., who died Saturday morning at the Warner Hospital, were shipped by the Bender Funeral Home to Staunton, Va., for services and interment.

JOHN K. STONER NOMINATED FOR AWARDS HONOR

John K. Stoner, son of Mr. and Mrs. Joseph A. Stoner, East Berlin R. 2, a junior at the East Berlin unit of the Bermudian Springs High School, has been nominated for the annual Achievement Awards program, sponsored by the National Council of Teachers of English.

In its second year, the Awards program is being conducted throughout the nation to grant recognition to outstanding high school seniors for excellence in English. The writing abilities and literary awareness of each nominee will be judged by local state committees.

The winners will be announced in January, 1960, by the NCTE, and the names of the winners will be sent to every U. S. college and university with the recommendation that these students be considered for scholarship assistance.

Myers Is Runner-up

Carl Myers, son of Mr. and Mrs. John Myers, East Berlin, who was a nominee last year for the award, was announced this spring as a runner-up in the final state competition.

According to J. N. Hook, NCTE executive secretary, the Awards program was initiated last year in response to President Eisenhower's statement that America needs its "Emersons as well as its Einsteins." "There were more than 2,000 nominees for the first awards," said Hook, "and we expect about 5,000 for this second round."

"The quality of the writing submitted by last year's winners and runners-up was very high," Hook asserted. "It constitutes a positive answer to statements that American youth cannot write effectively. These students, and thousands more, are learning to use the language with precision and vividness."

Founded in 1911, the NCTE is a professional, non-profit organization of teachers of English at all levels. Currently the circulation of the council's five professional publications is over 51,000.

bound by law and that judges in deciding cases are not propounding their individual views of the justice of the situations but are applying the law to the facts of the case . . .

"When we realize fully that it is the rule of law that has made us free and protected our freedoms we are in position to think in terms of world peace for which every heart yearns."

World Peace?

"How may world peace be secured? We think there can be only one answer — world peace can be secured only by the rule of law applied to nations as we have applied it to our states and to our citizens, a rule of law that recognizes and protects the God-given and natural rights of men, a rule of law that recognizes that the function of government is to protect these rights."

"We now have a world court to which countries may voluntarily submit disputes for decisions. We hope that the day may come when this court may have the power and the authority to settle all disputes — a day when we shall know world peace under a rule of law."

President John C. Stahle presided at the meeting with about 75 members and guests attending. The meeting was held at the Shetter House.

During a brief business session the club voted \$200 to the Beacon Lodge for the Blind, near Mt. Union. The money will come from the Charity Fund. Donations to the Charity and Convention funds were acknowledged from Harold Ecker and Kenneth G. Reinhart Jr.

Judge Sheely was introduced by Attorney S. M. Raffensperger, a member of the club, who said the program had been arranged by the county bar association as an observance of "Law Day U.S.A."

The talk was taped by WGET and broadcast in full at 8:05 p.m. Monday.

old Wentz. Following the bylaws of the post, the nominations will again be opened at the June meeting for any additional nominations from the floor before the election.

A nominating committee was appointed by Commander Harold W. Culp to list candidates for delegate to the state convention to be held in Pittsburgh July 15 to 18. Members of the committee are Glenn Harner, Harold Wentz and Paul Spangler.

Five new members were accepted by the post: Howard L. Hitchcock, 238 Baltimore St.; Roscoe S. Bowers, Littlestown; William D. Reis, York; John Wallace Jr., Gettysburg R. 1, and Richard L. Nichall, Hagerstown. Jack L. Miller, 38 E. Miller St., was elected a member in the Veterans Club open to those who served in the armed forces but not during the dates of eligibility for the American Legion.

Urges Display of Flags

Commander Wentz asked all members of the Legion, "and everyone else in the area" to display flags on Memorial Day. He said: "The rights and privileges which we so frequently take for granted in the United States had to be won and preserved for us by the selfless devotion of fellow Americans. We ask everyone to display the American flag on Memorial Day as a memorial to the heroic men and women of our armed forces who gave their lives for our country."

Adjutant Timmins reported a change in the previously listed schedule of bands for dances this month: Saturday the Mello Macs will play; May 16 the Commodores, at a dance honoring the honor guard of the post; May 23 the Melo Tones and May 30 the Crewmen.

He announced the May meeting of the Supper Club will be held Thursday, May 21. He also announced a change in the kitchen hours. The kitchen at the American Legion home will be open from 7 to 12 Monday through Thursday evenings, from 6 to 12 on Friday evening and Sunday from 1 to 10 p.m.

BELGRADE (AP) — Yugoslavia today imposed stiff duties on gifts from abroad — except money orders and such staple foods as meat, cheese, butter, flour and edible oils.

The government said that there was no longer a shortage of consumer goods in the local market. It charged that some gift parcels were being sold in the black market. Until now every Yugoslav was entitled to receive a gift par-

Follows Rev. Rezash

He succeeds the Rev. Robert H. Rezash who resigned last September to accept a call in Punxsutawney.

Born July 19, 1922, at Rushland, Bucks County, the new pastor was graduated from Roxborough High School, Philadelphia, and attended Ursinus College, Collegeville. His schooling was interrupted in 1941-45 during which time he served with the U. S. Army.

The Rev. Mr. Anderman has served as student supply pastor for the Mt. Carmel Methodist Church, Elverson, and the Charlestown Methodist Church, Malvern, and as pastor of the Utica Evangelical and Reformed Church, Lewisport, Md., and the Tremont United Church of Christ Charge, serving the last until his resignation to accept the East Berlin post.

The Rev. and Mrs. Anderman have three children, David, 9; Beth, 7, and Doris, 4.

In connection with the emphasis on voting at the May primaries, pastors pointed out the ministerium's interest in a better county home and in better living conditions for folk there. The county home project is related to the election of county commissioners.

Speaker for the meeting was the Rev. Dr. Frederick Wentz, member of the faculty of the Gettysburg Lutheran Theological Seminary. His theme was "The Lay Renaissance in Europe." He told of movements among laymen in Germany, Holland and Sweden to train laymen to relate their faith more closely to everyday living. There was a discussion period after his talk.

The opening devotions were conducted by Dr. Norman Wolf of Gettysburg.

After the meeting, the ministers were served a lunch by the women of Trinity church.

The rate for the new high school remains to be determined.

Defer Setting Rate

Along with the borough-wide sewer system which is to be constructed is a water system improvement. Financing of both is to be through the municipal authority. Action on setting new water rates and rates for sewer service was not taken Monday. It was indicated that another meeting will be held shortly, possibly this week, to consider these rates.

According to the engineer's estimate, the average householder will pay \$103 per year for both water and sewer service. The minimum for both services would be \$33.60.

The crux of most of the protests was that other communities where sewers have been installed recently are charging less. The high connection fee was defended as lessening the cost of financing.

More Than Expected

Charles W. Wolf, attorney for the council and the authority, said that the construction bid totals had come out about \$60,000 to \$75,000 more than was estimated when the project was being planned. Tracy Greenlund, engineer, said this is partly due to the need for maintaining water service throughout the construction period and partly because of the allowance for rock excavation at the site of the treatment plant.

Asked if some reduction in cost could be effected by eliminating some frills, Greenlund said that

Girl Scout News

Girl Scouts Troop 36 met Monday after school at St. James Lutheran Church with 13 girls and four leaders in attendance. The girls made plans for their camping trip May 10 and 11. Leaders present were Mrs. James Allison, Mrs. Kenneth Hull, Mrs. Clark Smith and Beth Hewetson.

Brownie Troop 63 met in the Scout room at St. Francis Xavier School Monday afternoon. Roll call was taken by Karen Riley and Rebecca Riley collected the dues. The girls made gifts for their mothers and rehearsed their Mother's Day program which will be given Friday evening at 8 o'clock in the school cafeteria. The leaders were Mrs. Robert Oyler and Mrs. Nick Ramos and senior aide Mary Ann Henninger.

LONDON (AP) — The Shah of Iran received a glittering welcome today from Queen Elizabeth II and top ministers in her government.

The handsome Shah, 39, is here for a three-day state visit and then a private holiday of two weeks. Public attention will be focused on his continuing search for a new wife and his position as one of the West's few allies in the Middle East.

The few cuts that might be made would not substantially reduce the overall cost. He said that the system was designed to meet the "bare minimum" requirements. He agreed to restudy the plans to see if some economy can be effected.

Out Of The Past

From the Files of the Star and Sentinel and The Gettysburg Times

FIFTY YEARS AGO

Work To Start Immediately: Captain George P. Morgan, of Philadelphia, member of the Pennsylvania Monument Commission, was one of the Pilgrim Club of Philadelphia who visited Gettysburg on Saturday and Sunday. General St. Clair A. Mulholland, another member of the commission, also accompanied the Pilgrims to this place.

In an interview with a representative of The Gettysburg Times Mr. Morgan said, "The contract for Pennsylvania's memorial was awarded on Thursday to the Harrison Granite Company and work on the monument will be commenced at once. The excavating will be started immediately and pushed right along."

Autoists Speed Through Town: More than a score of cars in the Reliability Contest of the Motor Club of Harrisburg passed through Gettysburg this morning on the first of a four days' run. All the contesting cars were checked at the Hotel Gettysburg corner by Horace C. Cumber, of Steelton, well known in Gettysburg. The cars came in Carlisle Street and went out Chambersburg Street after being checked.

Much interest was taken in Gettysburg in the run and large numbers of people were out to see the cars go through town. The square presented an especially busy scene. No speed limits were observed here or in the county and the motorists were allowed to go at whatever speed they wished and this was by no means slow.

The first official car, carrying confetti to mark the route, passed through Gettysburg before seven o'clock and the other official cars carrying checkers and other officials followed soon afterwards.

The racers left Harrisburg near seven o'clock and the first contesting car arrived about half past nine.

Many makes were represented in the cars of the contestants, prominent among them being a half dozen Pullmans, several White Steamers, several Maxwells, Oldsmobile, Rambler, Middleby, Thomas, Franklin, Peerless and others. From here the cars went to Hagerstown, thence to Frederick and from there to Washington.

Improvements Are Numerous: Gettysburg is a busy place this spring with numerous improvements and building operations in all parts of town. Carpenters, masons and all others employed in the building trades have been kept on the jump and there has been plenty of employment of all. The town is presenting a much better appearance as a result of these operations and when the buildings now in course of construction are completed Gettysburg will have many fine properties added to its already large number.

Work at razing the building formerly occupied by the Gettysburg National Bank and the dwelling on the same property has gone along with great speed and the workman are now busy tearing down the cellar walls. It was a big job, the brick being cleaned and taken to the rear of the lot but it has been done in remarkably short time.

The fine three-story building of J. B. Wineman in the corner of Center Square presents an imposing appearance. The first floor has been occupied for several weeks and the work of finishing the second and third floors has received the attention of the workmen.

The foundation for the new residence being erected by Robert Knox on South Washington Street has been completed.

Today's Talk

LOVE
Love is the greatest word in any language—because it means more than any other word. It is elemental. It is something felt, though impossible to define—something known though unseen. Love is always a journeying. Love is cumulative.

The greatest argument ever presented for belief in God is the one written briefly that "God is love."

Love is universal. Love a man and he at once becomes your friend and would likely lay down his life for you; love a worthy cause and at once the cause becomes your life and you would sacrifice your fondest dreams in its favor; love your work and the sordid in life disappears and is gone as the dew disappears under the heat of the early sun.

Love is selfish. If there is love left, somewhere, then hope is there and no matter what the disaster, the vital germs of joy and success remain. If someone still loves you or you still love someone, hopelessness for you must die. For the light of love is the light of life, because—Love is life.

Love your friends, love your work, love your lot in life, love nature, love everything that is, for back of everything that is, is a divine purpose—itsself reflecting love.

Love is all!

Just Folks

A SURE INDICATION
He sits and sighs
And droops his eyes,
Then looks across the way;
He dreams for hours
Of costly flowers,
For which he'll have to pay.

He's late for work,
Is seen to shirk,
He's ill-at-ease and fretful;
He telephones
In cooling tones
And is indeed forgetful.

Who knows the ropes
Observes he hopes,
His former friends are spurned;
O, spring is here,
It's very clear
The young man's fancy's turned.

The joists are being placed on the foundation wall of W. Laverie Hafer's new home on Carlisle Street. The house will be constructed of granite. It was designed by Robert A. Stair, of York, and when completed will be one of Gettysburg's most handsome residences.

Mr. Amos Eckert's new home on Springs Avenue will also be of granite and will be another handsome residence. Grove, of Harrisburg, is the architect for this home though the plan is Mr. Eckert's own conception.

The changes to the property on Carlisle Street which Dr. C. William Beales purchased recently are being pushed.

Dr. H. M. Hartman is having his home tastefully repainted.

Thaddeus Warren is laying carpet walks at his property on West Middle Street.

WORLD BRIEFS

VATICAN CITY (AP)—Pope John XXIII held a special audience Monday for nearly 1,000 Canadian pilgrims here for ceremonies celebrating Mother Marie-Marguerite du Frost de Lajemmerais.

The nun, who founded the order of the Sisters of Charity in 1753 in Montreal, is the first Canadian to receive beatification, the church's highest honor next to sainthood.

CARTHAGE, Tunisia (AP)—An Algerian rebel minister Monday warned the West if it doesn't persuade France to work out a peace settlement for the Algerian war, the rebel government will seek help from the Communists.

M'hamed Yazid, information minister of the rebel government in exile, issued the warning in an interview here.

"If the West does not make pressure upon France to accept negotiations with us for a peaceful settlement of the Algerian question," he declared, "the situation in North Africa will deteriorate until it becomes a major cold war issue."

CADENABIA, Italy (AP)—West German Chancellor Konrad Adenauer today wound up a three-week Italian vacation and headed back to Bonn.

Adenauer, 83, must plunge into international deliberations over German reunification and the Berlin question as well as the domestic question of who will replace him when he moves up to the presidency.

LONDON (AP)—Soviet Ambassador Jacob Malik left Monday for Moscow to confer with Kremlin leaders on the East-West foreign ministers' conference opening in Geneva next Monday.

FAMILY WEEK TO BE MARKED AT REDEEMER'S

The congregation of Redeemer's United Church of Christ will observe National Family Week with the annual Family Night covered dish supper and program in the church social hall on Wednesday at 6:30 p.m. All new members received into the congregation during the past year will be guests for the evening. Baby sitters will be available for tiny tots.

The program will follow the meal, and will include a play entitled "How The Story Grew," puppet show, orchestral music, prizes will be awarded, and special features for the children. Each family is asked to bring a covered dish food for the meal. Meat, rolls and dessert will be supplied. The affair is in charge of the Women's Guild.

The annual Girl Scout Court of Awards will be held in the Littlestown High School auditorium at 7 o'clock on Wednesday evening. Parents and friends of Scouts are invited to attend. The Senior Troop, of which Mrs. Carroll E. Arter is leader, will be graduated. The program and refreshments are in charge of the Senior Troop, led by Mrs. Walter Morelock Jr.

Little League Tryouts
Mrs. Ethel Rimel and Mrs. Estelle Pottoff will serve as hostesses at the first May meeting of the Ladies' Auxiliary of the Fraternal Order of Eagles, Littlestown Aerie No. 2226 at 8 p.m. tomorrow in the social room of the FOE Home.

St. Paul's Lutheran Church Council will hold its monthly meeting at the church on Wednesday, 7:30 p.m.

Final tryouts for boys to participate in the Littlestown Little League this summer were held Monday evening on the Little League diamond, McSherry Field. Forty-five new boys have tried out to play with the league this year, which will include six teams instead of four. Insurance is being carried on all players. The league will have games each evening of the week, Monday through Friday at 6 p.m. on McSherry Field, with Saturday reserved for rained out games. The season will open June 1, and members of each team will be selected at a meeting of the team managers next week, at which time the schedule will be arranged for publication. Three 12-year-olds reported for try-outs; seven 11-year-olds; 14, ten years; 14, nine years, and 10, eight years.

To Hold Communion

Holy Communion service will be held in St. Paul's Lutheran Church on Thursday, Ascension Day, at 8 p.m. Senior Choir rehearsal will follow the service. The Intermediate Choir will meet for rehearsal prior to the worship, 6:15 p.m., and the Junior Choir at 7 p.m.

The Friendship Circle Class will be in charge of the entire program for Mother's Day on Sunday in St. Paul's Church School at 9:15 a.m.

Betty Morelock was leader for the program and topic discussion at the meeting of the Luther League of St. Paul's Church on Sunday evening. Plans were made for the group to enjoy a swimming party at the Gettysburg College pool next Sunday, leaving from the church at 3:30 p.m. Following the swimming, the young people will return to the church for devotions.

The Littlestown Men's Bowling League will have roll-offs tomorrow evening at 7 o'clock at Bankert's Restaurant and Recreation Center, N. Queen St. Final roll-offs will be held the following Wednesday, May 13, at 7 p.m. The annual banquet, marking the close of the season, will be held by the Men's League on Wednesday, May 20, 7 p.m. at Bankert's.

To Give Concert

The Adams County Lutheran Choir, directed by L. Robert Snyder, will present a concert on Sunday evening at 8 o'clock in the East Berlin Lutheran Church.

Plans for an outdoor social meeting of the Luther League of the church will be held at 6 p.m. next Sunday.

Find Body

(Continued From Page 1)
Fellow prisoners said he yelled he was innocent as the men took him from the jail.

File New Charges

Warrants charging the mob with kidnapping are on file, but Pearl River County, Miss., officials said new charges had been filed against the men.

The assault Parker was accused of occurred Feb. 25 near Lumberton, Miss. The victim and her 5-year-old daughter were sitting in a stalled car waiting for her husband to return with help. She said a Negro in a black automobile drove up, threatened her with a gun, forced her and the child to get into his car and drove them into a wooded area where he assaulted her as the child watched.

The 24-year-old woman later picked Parker from a 25-man lineup.

River Was Searched

Officers had believed from the first that Parker's body probably would be found in the Pearl River or one of the streams in the area. Special FBI agent Ralph Bachman and Bill Hood, chief of the Mississippi Highway Patrol, directed the search.

Last week officers flew up and down the river in the hunt for some trace of Parker Monday for the first time, they used skiffs.

"We apparently hit it just right after the water had fallen," Bachman said.

Another searcher said the body possibly would not have been visible as late as Sunday. High water had covered the area for several days.

Helicopters are used to herd reindeer in Sweden.

St. John's Lutheran Church were outlined at the morning on Sunday evening. The outdoor social will be held on Sunday, May 17, from 3:30 to 6 p.m. on the church grounds. Committees for the affair include: Refreshments, Brenda Barnes, Louise Grot, Shirley Leister, Susan Streig and Mrs. Trump; games, Larry Myers and Dwight Streig.

Linda and Darlene Hollinger were letters for the meeting which opened with group singing, accompanied by Joyce Streig. JoAnne Hollinger discussed the topic "Why We Should Not Quit School." Routine business was transacted in charge of Shirley Leister, president. Jerretta and Marie Hollinger were appointed to be leaders for the regular meeting next Sunday at 6 p.m.

What accompaniments for chicken, lamb or shrimp curry? We suggest finely-ground peanuts, French-fried onions, chopped plumped raisins, sliced banana, minced green pepper and freshly-grated coconut for an elegant offering.

Commission Plans

These and other facets of the centennial have been discussed in recent meetings of the Civil War Centennial Commission, headed by Maj. Gen. U. S. Grant III, grandson of the Union Army commander during the late Civil War years.

The centennial observance is expected to start in January, 1961, when the merchant ship Star of the West passes Ft. Sumter and is "fired on" by Southerners. So far 26 states have set up commissions for the centennial.

The Simmons family handle the coaching chores for the Syracuse University lacrosse teams this spring. Veteran varsity coach Roy Simmons' freshman aide will be Roy Simmons Jr., a star tackman on his father's teams the last three years.

Nine Miscues Fatal As Warriors Bow To Hounds 5-1 In SP League Game

Whatever hopes the Gettysburg High School baseball team had of coping the South Penn Baseball League title were literally thrown away here Monday afternoon when the Warriors were charged with no less than nine errors as Shippenburg took a comparatively easy 5-1 decision.

Once again the Warriors showed a stronger batting punch as they outthrew their opponents 8-6 but the sloppy fielding was too much to overcome.

Joe Lang's Greyhounds scored twice in the second inning. LeDane walked and Showalter was safe on an error after one was out. After a fielder's choice VanScyoc blasted a double.

Another error and singles by Hockenberry and Willhide produced another pair of runs for the visitors in the top of the fourth.

Warriors Tally

Hits by Sid Weikert and Don Coldsmith, sandwiching an error, walk and fielder's choice, enabled Terry Hise to score the Warriors' lone run in the fourth as two other local runners were cut down at the plate.

Shippenburg secured its last run in the final inning on a pair of errors and one hit.

Don Coldsmith started on the mound for Gettysburg, giving way to Gary Matland in the fourth.

Bernard Lochbaum rapped three singles to provide most of the Gettysburg attack.

Face Trojans

The Warriors, now 3-4 for the season, tangle with Chambersburg on the Trojans' field Thursday in another league game.

DERBY CHAMP WILL GET REST

LOUISVILLE, Ky. (AP)—Kentucky Derby champ Tom Lee, sound but tired, heads West tonight for a rest.

Luke Demetrio five years ago, the little English-bred colt got the big one and is bypassing the other legs in racing's triple crown, the Preakness and the Belmont.

Trainer Frank Childs said he'll rest Tom Lee until the Hollywood Derby June 27, then bring him to Chicago for a couple of big stakes later this summer.

"He's had three hard races in a row and is kinda off his feed," Childs said, adding that he wants to give the colt a "chance to catch his breath."

In the derby, Tom Lee raced head and head with Sword Dancer from the backstretch to the wire, getting there by only a nose.

Ten days earlier, he was under a drive to nip Dunlop by half a length in the Blue Grass Stakes at Lexington. Only six days before that, he raced seven furlongs at Keeneland in track record time of 1:21 3/5.

Rolls 646 Series In Bowling Meet

LANCASTER, Pa. (AP)—John Hollinger rolled a 646 series Monday night to lead Thrush into first place in the Class B team division in the Pennsylvania Bowling Tournament.

The Thrush team of nearby Lititz took over first place with a 2,800 actual score and a 3,003 handicap. The team rolled game scores of 937, 975 and 896.

Eighteen teams participated Monday night, but Thrush made the only change in the standings. The tournament continues daily until May 31.

Lumberton, N.C. (AP)—

James Garland Martin, 37, a Klux Klansman, pleaded guilty in Superior Court Monday to a charge of inciting to riot. The charge stemmed from a Klan rally in January 1958, that was broken up by angry Lumbee Indians.

Martin, a Reidsville tobacco worker, was given an 18-month suspended sentence, placed on probation for five years and fined \$250. He was given a 6 to 12-month sentence when he was convicted in March 1958, but he appealed and was granted a new trial.

Many farmers in Pennsylvania are of German descent and speak, among themselves, a language known as "Pennsylvania Dutch."

NBA ACTION TO VACATE TITLE TO STIR RING

NEW YORK (AP)—The National Boxing Assn.'s title-vacating action against Sugar Ray Robinson is bound to stir up plenty of activity in the ring.

Instead of just one middleweight title fight this year, there may be three—provided by a couple of champions.

Why two champions? Well, there's still Sugar Ray, who says he's not retiring. Then there will be the winner of the Carmen Basilio-Gene Fullmer scrap to determine the NBA's successor to Robinson.

The Basilio-Fullmer winner will have to face another leading contender, undoubtedly Spider Webb of Chicago, by NBA edict.

The NBA's long heralded move against Sugar Ray was announced Monday by Dr. Ward Wylie, president of the ring body. Dr. Wylie said members of the NBA's executive committee were polled and voted unanimously to strip Robinson of his title.

Sugar Ray, hasn't fought since he regained the middleweight crown from Basilio in Chicago, March 25, 1958.

"Robinson has failed to keep his agreement with the NBA to defend his title," said Dr. Wylie in Mul-lens, W.Va.

He said the NBA would recognize the Fullmer-Basilio winner. Syracuse promoter Norm Rothschild said he had signed both of these top contenders and ex-champions for Syracuse in the summer.

Robinson had been warned several times by the NBA that he was long overdue to risk his title under the six-months defense rule.

New York, which is not a member of the NBA, has given the dapper Harlem businessman until May 15 to sign for a title fight with Basilio.

Claims "Foul Blow"
Robinson moaned that the NBA has "dealt me a foul blow. They can have their own champion and do what they want about it. But I'm not retiring."

He indicated he still may fight Germany's Gustav Scholz, the European champion, and possibly in Europe. The New York Athletic Commission, in taking its action against Sugar Ray, ruled Scholz was not a fit opponent at this time. The German is ranked as the No. 4 contender.

If Robinson does fight Scholz, he undoubtedly would have billing as world champion in Europe at least.

LARRY DOESN'T FEAR YANKEES

DETROIT (AP)—The New York Yankees can be taken, says Frank Lary, a fellow who takes them regularly.

The Detroit Tiger pitcher said the Yankees 7-12 record is no accident. Of course, neither Lary nor anyone else for that matter—believes the defending world champions will long occupy seventh place in the American League standings.

"But the Yankee lineup doesn't scare pitchers as it used to do," said the veteran right-hander. "Now I'm not saying I ever was scared of them, but I think I used to have more respect for their hitters."

Lary, who whipped the Yanks seven times in eight decisions last season, has a 17-5 lifetime mark against the champs.

Neither he nor the Tiger management tries to explain how he beats the Yankees, so long as he keeps doing it.

"Audio Analgesia" For Teeth Pulling
BOSTON (AP)—Now it's "Music to have your teeth pulled by."

Dr. Edwin Sturgis, president of the Massachusetts Dental Society, told the group's annual meeting Monday teeth have been extracted with no other pain killer than a process called "audio analgesia."

He said receivers are put over the patient's ears and he selects the music from a tape recorder, regulating the volume himself. The recorder also simultaneously transmits a noise like the distant roar of Niagara Falls.

CINCINNATI (AP)—Miss Matilda Krohne, 77, had been on relief since 1940 when she died last week.

Welfare workers rummaging in her home discovered cash and stock worth nearly \$30,000.

J. J. Flynn, manager of the Aid For The Aged office, said he would file suit in Probate Court to recover funds equal to the aid given Miss Krohne through the years.

START DRIVE TO KEEP BIG TEN IN BOWL

CHICAGO (AP)—There will have to be some fast shuffling in the next two weeks if the Big Ten is to continue playing in the Rose Bowl football game after the 1960 season.

Wisconsin Monday became the fifth conference member to vote against renewal of the pact. If all five schools which have voted against the game stick by their guns at the conference meeting in Ann Arbor May 20-23, it will mean an end to post-season football for the Big Ten.

However, The Associated Press learned there is a behind-the-scenes campaign to have one of the five negative schools abstain from casting an official vote at the meeting.

If this is achieved, then the vote would be 5-4 in favor and the Big Ten would continue participating in the Pasadena New Year's Day classic.

"Wait-and-See"
When learning Wisconsin joined Minnesota, Ohio State, Illinois and Northwestern in voting against the game, West Coast officials took a wait-and-see attitude.

Max Colwell, Tournament of Roses manager, said: "Very interesting. It's up to them. If they vote to come in, we'll be pleased to have them. If they don't, I imagine we'll get along as we have for many years. Our agreement is with the Athletic Assn. of Western Universities. It'll be up to the association to make a deal."

The AAUW, made up of California, UCLA, Southern Cal and Washington, will replace the Pacific Coast Conference which will be dissolved June 30.

The current Rose Bowl contract with the Big Ten expires after the 1960 game.

GIANTS BEAT REDS AND GO INTO NL LEAD

By ED WILKS
Associated Press Sports Writer
Brush back pitches and dusters now are spicing the hot National League pennant scramble that has seen the lead change hands three times in three days.

San Francisco and Cincinnati grappled in one of the double-bladed duels Monday night as the Giants put across four ninth-inning runs, then stood off a rally by the Reds for a 6-5 victory. That hoisted the Giants back into the lead, by a mere .009 percentage points over Los Angeles.

Los Angeles closed in by dropping Milwaukee from first to third with a 5-3 victory over the Braves and southpaw Warren Spahn, the ace the Dodgers always trump.

Pirates Beat Cubs
Pittsburgh reached .500 for the first time and took fifth place from Chicago by beating the Cubs 2-1 in the only other NL game scheduled.

The dusting started early in Cincinnati. The Giants' Willie Mays hit the dirt getting away from Bob Purkey's low, inside pitch in the first inning. Then Purkey was plunked on the leg in the eighth inning by winning reliever Gordon Jones. Manager Bill Rigney of the Giants was banished for arguing the call that waved Purkey to first base.

Just Sunday, St. Louis and Pittsburgh jawed at each other over pitching tactics. Earlier, the Reds' Frank Robinson found Pittsburgh's Bob Friend and George Witt unusually wild.

Hodges 4 For 4
Purkey, the right-hander who ran up a 6-0 string against the Giants from 1955 to last August, had a 3-2 lead going into the ninth. Then a three-run double by Jim Davenport and Willie Kirkland's RBI single made it 6-3. Red Worthington, replacing Jones, gave up two runs in the Red ninth, one on Frank Robinson's homer, before Jack Sanford hurried in to get the final out.

Gil Hodges, part of the old guard right-handed power that made Spahn a seldom-starter against the Dodgers, was 4-for-4 at Milwaukee and all were for extra bases—two doubles and a pair of solo home runs.

Demeter Does It
Don Demeter, one of the Dodgers' new generation of right-handed belters, broke a 2-2 tie and wrapped it up with two-run homer in the seventh. Southpaw Johnny Podres gained a 3-2 season record with Art Fowler's relief in the ninth.

The Pirates were shut out on three hits by rookie Bob Anderson before they scored their two in the eighth. Dick Groat's double and singles by pinch-hitter Rocky Nelson and Bob Clemente handed Anderson his first defeat in three decisions. Ron Kline (2-1) won it, giving up but four hits and blanking the Cubs until Jim Marshall unloaded his first home run in the seventh.

St. Louis (AP)—Pauline Berra, 66, mother of New York Yankee Yogi Berra, died Monday in St. John's Hospital.

She had been ill for years with diabetes and recently had a second leg amputation.

ADVERTISE IN THE TIMES

CASEY GIVES HIS VIEWS ON YANK FAILURES

KANSAS CITY (AP)—The Yankees aren't the Yankees, and everyone is wondering what has happened to the erstwhile scourge of the American League.

Cassy Stengel's New Yorkers have lost 9 of their last 10 games. Stengel has his own version of what is wrong.

"We ain't hitting," said the club's field boss today. "They're pitching us low and we go fishing for the ball. Our pitching staff ain't dead."

Players Have Ideas
The players have their own ideas.

"The club is tight," says the veteran Enos Slaughter. "We have too many serious guys here."

"We've been playing in a lot of tough luck, and we're not hitting," says Mickey Mantle.

Whatever is wrong, it is the same club that won the pennant and world championship last year. In fact, it is the same club that has been holding forth at Yankee Stadium the last two years.

Champs Standing Still
It has been suggested that that is what is wrong. Other clubs have been catching up, particularly in pitching, while the champions have been standing still.

Whether that means a sudden change in the Yankee roster is a question. Stengel insists he will not part with any of his players, but George Weiss, the general manager, made an abrupt trip West Sunday, and that could mean action on the trade front.

Weiss said in Detroit when asked about trade possibilities, that it was too early to tell.

Yanks Are Worried
In New York co-owner Dan Topping belittled the idea that something was radically wrong with the club.

"Everybody's worried but us," he said.

But the Yankees are worried. And others, recalling that the last two months of the 1958 season the club was anything but a ball of fire, suggest that the club started to slip then, and that the New Yorkers have had it.

HORSE RACING BILL BACKERS TO TRY AGAIN

HARRISBURG (AP)—Supporters of the horse racing referendum bill were ready today for another try at pushing the controversial measure through the House this session.

Chairman Charles J. Mills (D-Westmoreland) of the Law and Order Committee said his group was ready to send the bill back to the floor, possibly later in the day, for action by the full House.

Such action would put the bill in position for debate Wednesday or next week. A final vote couldn't come before next week, unless the House waived its rules.

Claims Enough Votes
Rep. H. J. Maxwell (D - Westmoreland), sponsor of the proposal said he believes he has the 106 votes necessary to pass the bill. The legislation would permit voters to decide whether they favor legalizing pari-mutuel horse race betting in the state.

Dr. Maxwell, a dentist, declined to give any hints on how many Republicans and Democrats he believes will vote for it. Indications were, however, that a shift of a few votes could decide the issue either way.

The bill was out on the floor once before for a showdown but was sent back to mills' committee April 7 when its defeat appeared imminent.

Dykes' Place Is Filled By Pirates

PITTSBURGH (AP)—The Pittsburgh Pirates today announced the appointment of George F. Detore, 52, as a member of the coaching staff.

He succeeds Jimmie Dykes, who resigned to become manager of the Detroit Tigers last Saturday. Detore has been the Pirates' scouting supervisor in the Great Lakes area the past four years.

BUTTE, Mont. (AP)—Little Leaguer Bobby Olson recently broke his leg for the ninth time since he started playing baseball two years ago. But he's back in the lineup.

The limb is artificial. Eight-year-old Bobby lost his leg in 1956 when struck by a shotgun blast.

Look for an announcement soon that the Floyd Patterson-Ingram Johansson heavyweight title fight will be telecast into theaters and arenas.

TelePrompTer appears to have clinched the deal with promoter Bill Rosenzohn, a former TPT executive, for the TV rights to the June 23 international scrap in Yankee Stadium. The closed circuit telecast will not be beamed into your living room.

Patterson, incidentally, is only a 13-5 favorite now to beat the undefeated Swede who holds the European championship.

ASK HEARINGS ON MIGRATORY LABOR BILLS

HARRISBURG (AP)—The governor's Committee on Migratory Labor wants public hearings on Senate legislation that would end the committee's work and deprive the Labor and Industry Department of regulatory powers over migratory labor.

In voicing its opposition Monday the committee said in a resolution that hearings would show the bills would "open the way for the return of degrading conditions—disease ridden camps, exploitation of workers, bootlegging and prostitution."

The bills proposed setting up a six-man commission to replace the committee and abolishing the Labor and Industry's power to regulate migratory labor.

Passage "would in effect wipe out years of progress to assure migrants decent working and living conditions," the committee said.

Mostly From Puerto Rico

It called for a state law to support its existence and to spell out duties of various state agencies in relation to migratory help.

Most of the migrant farm workers brought into the state are from the South and Puerto Rico.

The resolution was opposed by Calrence Wilson, secretary of the Pennsylvania Farmers' Assn. He called for transfer of regulatory authority "to some smaller body

Says Union Racket Control Top Issue

BOSTON (AP)—Sen. Thurston B. Morton of Kentucky, new Republican national chairman, says effective control of union racketeering will be a top issue for Republicans in 1960.

He arrived in Boston Sunday for party meetings Monday.

In a talk with newsmen he listed three factors he said unify the party nationally:

1. The Eisenhower administration's record of reduced government costs and "fiscal responsibility."
2. The fact "something must be done" about labor racketeering.
3. The administration's record of containing the spread of communism without American troops firing a shot.

better qualified to represent agriculture."

The Pennsylvania CIO Council supported the committee's stand.

WORLD ON WHEELS

By FLOYD CLYMER

AIR POLLUTION PROBLEM GROWS—The Los Angeles area seems to have the worst smog problem. It is, in fact, so bad that there may be state legislation enacted that will prohibit the sale of 1961 cars unless they are equipped with some suitable smog reducing device of approved design.

"American metropolitan areas," said Paul Urone, assistant professor of chemistry at the University of Colorado, "are going to have to lick the problem of air pollution much as the nation has had to meet the problem of stream pollution."

URONE HIMSELF is doing something about it. On a three-year U. S. Public Health Service grant of \$17,000, he is developing special uses for a remarkable new detective tool. This amazing instrument for telling quickly what's in the wind has a long-winded name — the vapor phase chromatograph. It is highly sensitive to extremely small quantities of vapors and gases which pollute the atmosphere, just like the human nose — but unlike the nose, it can tell what kinds of gassy chemicals are present — thereby revealing clues as to their origin.

The vapor phase chromatograph was developed in the past ten years and Urone calls it a great analytical aid. It helps the chemist to sort out and identify the various chemical compounds that pollute city air, which complex mixture would have been impossible to unscramble by old-fashioned methods.

URONE BLAMES automobiles, trucks and buses, as well as industrial plants, for much of the air pollution problem. He states that many cities have smoke abatement programs but few are able to put enough emphasis on exhaust fumes.

Most of these exhaust products

are not thought to be poisonous, yet it is difficult to measure them. There are three possible means of attacking the auto-truck-bus exhaust problem:

1. Make engines more efficient, so that their fuel is clean burning.
2. Develop a cleaner-burning (and therefore costlier) motor fuel.
3. Use catalytic oxidizers costing \$150 to \$200, placed on the ends of exhaust pipes to burn up harmful wastes.

WEeping EYES, sore throats, burning lungs and minor irritations are the short range results of city air pollution. But intense pollution in the long run can cause an increase in lung cancer, scientists now believe.

Urone, a Pueblo, Colorado, native, has been on the CU faculty since 1955. He is a graduate of Western State College, Gunnison, Colorado, and holds a Master of Science and Doctor of Philosophy degrees in Chemistry from Ohio State University.

ROME (AP) — Communist Albania has protested to Italy against building of missile bases on Italian soil.

An Italian Foreign Ministry spokesman said the protest note was delivered several days ago to the Italian legation in Tirana, the Albanian capital.

It charged that location of missile bases in Italy would constitute a direct danger to Albania, and threatened that counter measures would be taken.

THE DRIVER'S SEAT

Fortunately, the days when the driver had to dodge chuckholes and slog through churned-up mud on unpaved city streets are long gone. But the problem of safe, convenient driving around town is not solved by a long shot.

Traffic jams and accident rates are on the rise in most cities, large and small. A medium-sized city in Michigan, for example, got quite a jolt recently when it was discovered that auto snarls and accidents were increasing so rapidly that tourists were being scared away and business was suffering.

At the urgent request of merchant and civic groups, town officials called in a large motoring association to conduct a complete traffic survey. The findings point up some serious driving problems common to most cities. They demand earnest attention.

Signs In Bad Shape
The report stated that traffic signs and street routing systems were in woefully inadequate shape. There did not seem to be any consistent plan of channeling traffic efficiently around and through the business district, while discouraging it from overrunning into residential districts where children play.

Signs were battered, bent and in many cases, missing. Many of them were of a long-outmoded type that could not be seen in headlights at night. Drivers were confused, baffled, bewildered — and battered.

With these ominous facts in hand, the town got busy. Merchants, civic leaders, mothers and other citizens demanded action of their elected officials and bent their own backs to the vital task of getting a good traffic system.

New Traffic Plan
As a result, the people got a traffic plan, and a sign system that worked for safety and convenience night and day. Traffic was channeled in orderly directions on business-district through streets and kept from spilling into side streets as much as possible. Townsfolk reported signs that were missing, inadequate or poorly visible at night. Hundreds of new reflective stop, yield and one-way signs that shine brightly in headlights at night were put up.

The result: traffic accidents,

Truman Declines White House Bid

WASHINGTON (AP)—President Eisenhower invited former President Harry S. Truman to a White House stag dinner for Sir Winston Churchill Wednesday evening but Truman has sent regrets.

Announcing this Monday, presidential press secretary James C. Hagerty said Truman informed Eisenhower that he has a New York engagement that evening. Relations between Eisenhower and Truman have been strained since the 1952 campaign. Political charges then ended the friendly relation which had existed previously.

Last May, Eisenhower invited Truman to accompany him to Memorial Day services at Arlington National Cemetery. Truman declined that invitation, saying he would be unable to come to Washington.

AIR POLLUTION HEARINGS ARE BEING HELD

HARRISBURG (AP)—A strong control program "can just about eliminate" the possibility of another air pollution disaster like the one in Donora 11 years ago, the state health secretary said today.

Dr. Charles L. Wilbar reminded the House Committee on Game and Conservation that 20 persons died and nearly 6,000 persons were made ill by smog in the Washington County community.

He added that a followup study by the University of Pittsburgh shows that the Donora residents made ill by the smog have had poorer health and higher death rates in the past 10 years than neighbors who were unaffected by the smog.

Consider Control
Dr. Wilbar's statements were prepared for a health hearing by the Game and Conservation committee on a statewide air pollution control bill.

He said: "We take in 15,000 quarts of air per day, 10 times as much by weight as out intake of food and water combined. Yet as careful as we have learned to be of the purity of these other essential elements of living, we give little thought to the quality of the air we breathe."

Chairman Harris G. Breth (D-Clearfield) called the hearings to air views on what agency should enforce control and whether it should be carried out at the state, county or region level.

Up To Health Dept.
As written, the bill would place control in the hands of the State Health Department. It also proposes a nine-member air pollution commission to advise the department. The commission would include fire department heads, a physician, an engineer, and one representative each of private industry and local governments. Breth said there was some disagreement over the proposed

particularly in dangerous darkness hours, down; business and tourist trade up. That most cities have gotten the chuckholes out of the streets doesn't mean that driving safety has been built in. It does mean that more cities and citizens must concern themselves with good, orderly traffic systems to get the most out of their tax dollars for better streets and signs.

TEACHER AND TWO GIRLS ARE GIVEN HONORS

PITTSBURGH (AP) — Miss Mary M. Crow, coordinator of the English curriculum program in the Bethlehem school system, is the Pennsylvania Federation of Women's Clubs' teacher of the year.

The honor was bestowed Monday night as the federation completed the first day of its annual convention. Miss Crow received similar awards in Northampton County and for the northeastern district of the federation.

Barbara L. Rupp of Souderton Area Joint High School in Montgomery County and Elizabeth Beyer of Crafton High School in Allegheny County were named girls of the year by the federation.

Competition Keen
Federation officials said keen competition made it necessary to make two awards instead of one as is usually done.

Miss Crow is an instructor in English, journalism and creative writing at Liberty High School in Bethlehem where she has spent her entire teaching career.

Miss Rupp is an honor student and a semi-finalist in the national merit scholarship competition. She is a daughter of the Rev. and Mrs. William Rupp.

Miss Beyer ranks first in the senior class at Crafton High

membership of the commission. "The committee has a completely open mind on this bill and we believe Pennsylvania needs an air pollution law," he declared. "After this hearing we will endeavor to put the pieces together into a bill."

Dr. David M. Anderson, U. S. public health service engineer assigned to the state, told the committee that almost half of 255 municipalities surveyed considered themselves as having air pollution problems. He added that only 23 of these communities have any controls or smoke ordinances and most of these programs are considered ineffectual because of a lack of technical staff and facilities.

School and was one of seven girls in Pennsylvania to place in the honors group in the national science talent search.

Dr. Marion Fay, dean of the Women's Medical College of Pennsylvania, said the federation's "splendid contributions" to the college since 1954 made possible construction of a new building and laboratories.

Truman Gives His Amendment Views

WASHINGTON (AP)—Harry S. Truman said Monday the Constitution's ban on a third term sends a president into a second term "with one hand tied behind him."

"It makes no sense to treat a president this way — no matter who he is—Republican or Democrat," the former president told a Senate Judiciary subcommittee in one of his rare appearances before Congress. Truman said the amendment which put the ban into the Constitution in 1951 "is a bad amendment and ought to be repealed."

He noted that he alone among 175 million Americans could be elected for a third term, if he could get the votes. This is because the amendment specifically exempted the man who was then president—Truman.

Kent State University in Ohio has a study "shack" with windows valued at \$1,000 each for study of the radar beam.

Dr. Marion Fay, dean of the Women's Medical College of Pennsylvania, said the federation's "splendid contributions" to the college since 1954 made possible construction of a new building and laboratories.

SAYS BUSINESS NEEDS CLIMATE 'IMPROVEMENT'

MINNEAPOLIS (AP)—A Gulf Oil Corp. executive asserted today "management must do what it can to create a political climate conducive to the free play of industrial efficiency and imagination."

William L. Naylor, Gulf senior vice president, said in a speech prepared for a meeting of the Twin City Society of Security Analysts that government activities are posing an increasingly disturbing threat to management's freedom.

"The Practical Answer"
"What ends are we serving," Naylor asked, "when capital, management and technology are strained to improve the quality of products while holding down their costs, only to have the successes of such a program dissipated by unreasonable demands by labor, constantly increasing and disproportionate motor fuel taxes and various forms of governmental interference?"

Naylor said the practical answer is to come to grips with political problems in a political manner. As formally announced last year Gulf intends to do this, Naylor said, by encouraging employees to engage in politics and by informing its shareholders about the official activities of their elected representatives.

PANAMA PANIC SEEMS TO BE CALMING DOWN

By JACK RUTLEDGE
PANAMA (AP)—The Panama panic involving a wealthy aristocrat, a famous ballerina, a night club owner and a boatload of Cubans desperately trying to make like Fidel Castro seems to have simmered down.

The Cuban invaders surrendered last weekend, ending the immediate threat to President Ernesto de la Guardia's government. The peace team from the Organization of American States announced Sunday night that the threat to Panama was over.

De la Guardia, elected for a four-year term in 1956, is still fairly popular with the people. But some members of his administration are not, and there is discontent and talk of a change.

Dancer Involved
 Talk turned to action several weeks ago when some dissident students visited Cuba and asked for help from some of Castro's veterans.

There were reports that wealthy Roberto Arias, who comes from a family of presidents, was financing some sort of uprising.

Arias' wife is British Dame Margot Fonteyn, one of the most famous ballet dancers west of

Moscow. The government raked up a witness who said she took pictures while Arias and some men raised some arms cased in a rowboat at the bottom of the Gulf of Panama.

Margot Shipped Out
 Arias eluded government forces, and finally took refuge in the Brazilian Embassy. The frustrated government meanwhile arrested Dame Margot and shipped her out of the country.

Then a band of Cubans landed at an unlikely place called the San Blas Peninsula of Panama's tropical Caribbean coast. Inspired with the idea of liberating yet another country after winning their own civil war, these young Cubans took over the headlines and hardly anything else.

Dogged by misfortune, the invaders landed at the wrong place. Three members of the party were drowned in the landing, among them the Panamanians who were supposed to lead them. Cesar Vega, a Cuban night club owner with a record of unsuccessful revolutionary activity, was left in charge of 89 invaders, almost all Cubans.

Developments Missing
 Vega, who is in his late 30s, said the invaders expected the people of Panama would stage strikes and demonstrations and rush to volunteer for the revolution. None of these things happened.

But the government of Panama was alarmed, and it called on the OAS for help.

OAS ambassadors arrived. Two

WILL AUCTION \$5 BILLION IN U. S. IOU BILLS

WASHINGTON (AP)—Five billion dollars worth of government IOUs go on the auction block during the next three days.

It's significant that this is the highest total on record for one week. It points up the Treasury's difficulties in managing the biggest national debt in history, 286 billion dollars.

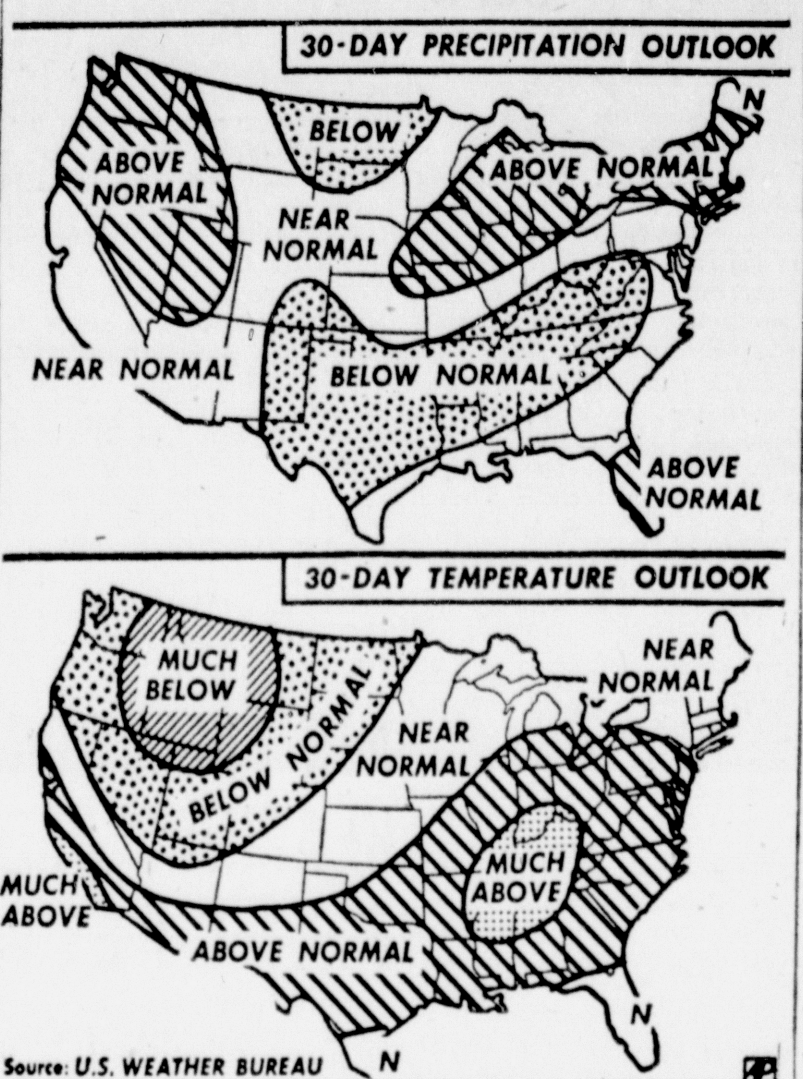

Most government securities sell at fixed prices. But because of unsettled market conditions, "debt managers have held more and more auctions in recent months, permitting investors themselves to determine the price and interest rate."

Price Sets Interest
 Under the auctions, the high bid gets them. Then the securities mature, the government will pay them off at face value. The lenders will collect what amounts to interest in the difference between the purchase price and the cash-in price.

Two auctions will be held today. These involve one billion dollars of bills maturing in 91 days and 400 million dollars of bills which fall due in 182 days. The proceeds give the Treasury funds to pay off maturing bills.

On Wednesday, the Treasury will auction two billion dollars of 340 day bills. And on Thursday there will be an auction of 1 1/2 billion dollars of 221-day tax anticipation bills.

MAN NABBED IN BANK SHORTAGE OF \$3 MILLION

SAN FRANCISCO (AP)—Federal authorities, who say shortages in a Long Beach bank may exceed three million dollars, have charged a businessman from nearby San Rafael with complicity.

Held on \$100,000 bail was John R. Hendrickson, 40, who operates an appliance business in Los Angeles and at nearby Sebastopol.

FBI agents arrested Hendrickson at his San Rafael home Saturday and said he was implicated by a suicide note left by George A. Hewlett, assistant vice president of a Long Beach branch of the U.S. National Bank of San Diego.

Shot Self Saturday
 Hendrickson shot himself Saturday morning.

Hendrickson was brought before U.S. Commissioner Joseph Karesh and charged with "aiding and abetting George A. Hewlett in the misapplication of \$20,000 from the U.S. National Bank of San Diego on March 20, 1959."

Donald S. Constance, an assistant U.S. attorney, said FBI evidence indicates Hendrickson may be involved in missing funds of up to \$900,000. The shortage, he added, may amount to more than three million dollars.

Hendrickson told a reporter "I don't know what these charges are all about, but I am sure they will not be as they are now represented."

Mental Patient Damages Plant

BRISTOL, Pa. (AP)—Police said today a 21-year-old mental institution patient, who fled custody five weeks ago, admitted starting a fire that damaged a chemical plant in Bensalem Township Saturday night.

Bruce M. Finkrock of Philadelphia was arrested Sunday. He had been missing since March 31, from Philadelphia State Hospital at Byberry.

Police Chief William F. Riempp Jr. of Bensalem Township, Bucks County, said Finkrock confessed setting the fire that swept the Protection Product Manufacturing Co. Three firemen were hurt.

Riempp said Finkrock also admitted breaking into a home and into another factory where he took a total of \$12.

The police chief said Finkrock can't be charged because he is a mental patient. He is, however, still being held for further questioning before being returned to the hospital.

old when she was found to have a rare blood deficiency, a plastic anemia. From that time she was kept alive by frequent transfusions of rare A-negative blood.

She usually took her dolls along, "to get transfusions too," when she went to the Children's Hospital blood center.

Her biggest thrill, perhaps, came two years ago when she presented to visiting Queen Elizabeth a doll for Princess Anne, on behalf of the youngsters at Children's Hospital.

Her 16-month-old brother, Franz, is going to have another sister, or brother, within a week.

PRaise HERTER FOR PARIS WORK

WASHINGTON (AP)—Secretary of State Christian A. Herter has drawn praise from members of the Senate Foreign Relations Committee for his discussions in Paris with the foreign ministers.

Herter will discuss the meetings' results with the committee in a closed session Tuesday.

"I think Herter has made an auspicious beginning," Sen. J. William Fulbright (D-Ark.), the committee chairman said. Herter returned Saturday from the meetings with the foreign ministers of Britain, France and West Germany in Paris.

The purpose of these meetings was to consolidate viewpoints and plan Western strategy for the Big Four conference of foreign ministers, which begins in Geneva May 11.

Herter reported to President Eisenhower and former Secretary of State John Foster Dulles over the weekend.

Fulbright's praise was echoed by a Republican on the committee, Sen. George D. Aiken of Vermont.

Knights Announce Membership Is Up

PHILADELPHIA (AP)—The Knights of Columbus Monday announced Pennsylvania membership has increased 10 per cent in the past year to an all time high of 62,500.

The annual meeting of the Pennsylvania State Council was told the membership boost was the result of an intensive 1958 drive. More than 1,000 members are attending the convention here.

John L. Cooney, state K of C deputy and chairman of the membership drive, said there are now 253 councils in Pennsylvania.

AVE TO SEE REDS
NEW YORK (AP)—Former Gov. Averell Harriman, who was U.S. ambassador to the Soviet Union during part of World War II, says he hopes to have "a very frank talk" with Soviet Premier Nikita Khrushchev during a visit to Moscow.

Harriman, a Democrat, will leave next Saturday for a month's visit to the Soviet Union as a private citizen.

He discussed the forthcoming visit Sunday in a local television interview.

of Castro's own officers put in an appearance to reason with their compatriots.

Almost Cocky
 Whether there was any off-the-record inducement to the invaders to surrender is not yet known. But they were cheerful and almost cocky when they turned in their arms last Friday and, singing revolutionary Castro songs, rode off to Panama City's jail.

Some Panamanians demonstrated against Arias, demanding that he be refused safe conduct to Brazil. But the government is almost certain to let him go under the traditional Latin American right of asylum.

REPORT IRAQI COMMUNISTS

DAMASCUS, Syria (AP)—The Damascus newspaper Al Wahda said Sunday Premier Abdel Karim Kassem of Iraq will announce within the next few days a government reshuffle bringing Communists into full participation in the Cabinet.

The paper quoted a traveler from Baghdad as saying Col. Wafsi Taher, Kassem's aide-de-camp, would be appointed defense minister in this reshuffle. Kassem has held the portfolio himself since the July 14 coup d'etat, together with the premiership.

Al Wahda said Taher's appointment comes in response to a demand by the Iraqi Communist Party Central Committee, which recently requested full membership in the Cabinet. It also described Taher as a leading Communist who played a big role in the purge of Arab nationalist elements in the country.

All news from Iraq is censored. The United Arab Republic, of which Syria is a part, is feuding with the Kassem regime and U.A.R. press reports reflect this feuding. The reports seldom can be checked independently because of the censorship.

So NERVOUS She Could SCREAM!
 One Gettysburg lady said a few days ago that she used to be so nervous she could fairly SCREAM at times! The least noise made her jump and tremble. Recently she got Sys-Tone and says her nerves are quiet now; she sleeps soundly and feels "like new."

SYS-TONE is giving amazing relief to "nervous victims" all over Gettysburg. This new medicine contains TEN great natural herbs and the finest vitamins — so it quiets the nerves without a single harmful drug. Aids digestion, relieves gas and acts as a blood-iron tonic; thus it brings LASTING relief. Costs only a few cents a day. So don't go on suffering. Get Sys-Tone—Peoples Drug Store. Also sold by all drug stores in Gettysburg and nearby towns.

Cottage Topples Into Hole; Woman Killed

SAULT STE. MARIE, Mich. (AP)—A woman weekend guest was killed and three other persons were injured Sunday, when a cottage toppled into a 30-foot hole after a cloudburst.

Flood waters from a rain apparently had washed a hole in the sand beneath the house.

As five occupants were sleeping at 6:30 a.m., the one-story frame house suddenly fell in the hole. Water and more sand poured into the hole.

Nancy Herro, 28, Escanaba, mother of three children, drowned. Rescuers had to dam off waters to recover her body.

CIGARETTE TAX INCREASE BILL SIGNED

HARRISBURG (AP)—Pennsylvania, who voted for a 150-million-dollar Korean War bonus in 1957, will soon have to start paying increased cigarette taxes to finance it.

Gov. Lawrence signed into law last night a bipartisan plan hiking the five-cents-a-pack cigarette tax to six cents, effective June 1.

The 25 million dollars in added biennial revenue from the levy is expected to pay off in 12 years the cost of the bonus.

Loan Provided

The governor also signed a companion measure completing the groundwork to borrow up to 150 million dollars to obtain the cash to pay a bonus of up to \$500 each for some 330,000 Pennsylvania veterans of the Korean conflict.

The new law carries out the will of the voters who overwhelmingly agreed in the November 1957 election to the bond issue.

Adj. Gen. A. J. Drexel Biddle said it would take about six months before bonus checks actually start to flow. That time is needed to sell the bonds and process what is expected to be a huge influx of bonus applications.

Must Provide Machinery
The Legislature must still complete action on a \$500,000 appropriation to set up the machinery for handling the applications.

The cigarette tax increase also contains a provision keeping alive

another two years the fifth cent of the levy. The fifth cent was added in 1955 on a temporary basis to finance flood relief after Hurricane Diane. Four cents of the tax is on a permanent basis.

The maximum bonus payment is \$500, but not all veterans are eligible. The 1957 Legislature wrote some restrictions into the law, spelling out how the bonus should be paid.

\$15 Per Month

For example, any World War II veteran who served overseas was eligible for \$15 for each month of service. The Korean bonus law fixes the \$15 figure only for those who actually served in the Korean theater.

All others—whether they served in the United States, Germany or elsewhere in the world—would get \$10 a month.

Except for those who served in the Korean theater, the career serviceman is out of luck entirely on the Korean bonus. He is defined as a member of the armed forces who served continuously for four years prior to the outbreak of the Korean War on June 25, 1950.

\$500 For Survivors

The theory here is that the bonus is not actually a bonus but is "adjusted compensation"—an attempt to help adjust the salary of a citizen soldier toward what he might have earned in civilian life.

A minimum of 60 days service would be required between June 25, 1950, and July 27, 1953, to qualify for the bonus. For those eligible, benefits would be computed up to Jan. 27, 1954.

If the veteran died while in the service between June 25, 1950, and July 27, 1953, a flat \$500 will go to his survivors.

To Fire Ape Into Space In 60 Days

MIAMI BEACH, Fla. (AP)—The United States will fire a live animal, probably an ape, into space within the next 60 days, says the chief of the Army's space program.

Maj. Gen. John B. Medaris, commander of the Army Ordnance Missile Command, did not say what type of animal would ride in the nose cone of a Jupiter missile, but he indicated the best guess would be a monkey.

He told of the coming venture at a news conference Monday.

The launching will be another step in the program aimed to put a man in space. An effort will be made to recover the nose cone after it plunges earthward through the atmosphere.

Rescued Soviet Seaman Recovers

ANCHORAGE, Alaska (AP)—A Soviet seaman, unconscious when rushed here in an international air-sea mercy mission nearly a month ago, is now talking—both Russian and English.

Evgenij Ivanovich Gneushev, 23, Vladivostok, "has completely regained his ability to speak," a bulletin from Elmendorf Air Force Base Hospital said Monday.

Gneushev was transferred to the hospital here April 9 by U.S. Coast Guard cutter and amphibian, four days after he was injured in a fall into a hold of a Soviet refrigerator ship.

HAVANA (AP)—At least 1,100 of Fidel Castro's long-haired, bearded revolutionaries are going to get shaves and haircuts.

They are members of Cuba's National Police Force. Police Chief Eligenio Almeida issued an order for shaves and hair trims and said uniformity was his goal. He explained that policemen who didn't serve with Castro's guerrilla forces are clean shaven.

QUONSET POINT, R. I. (AP)—Officers love every dent in an ancient punch bowl in the wardroom of the aircraft carrier Wasp.

The bowl was damaged back in 1898 aboard the battleship Indiana when she took a mortar shell hit in the Spanish-American War.

Recently officers sent it to a New York jeweler for cleaning. The jeweler removed the dents. The officers rushed it back with orders—restore the dents, at our expense. The jeweler did. The officers picked up the chit.
